ELSEVIER

Access ClinicalKey anytime, anywhere

ClinicalKey users can now access the platform outside of their institution's network via remote access. Follow the instructions below to activate your remote access by using an existing login or by registering a new login.

Activating remote access using an existing login with matching domain:

- 1. Please log out of any ClinicalKey personal profile you have logged into.
- 2. Go to www.clinicalkey.com and click 'Login'.
